

TeamFlow — Membership Plans

Streamlined and targeted tiers for complete team management and autonomous shift filling

SELBICKYLABS

We remove unnecessary complexity. TeamFlow offers two straightforward tiers based on your actual business needs. Whether you are looking for a flawless overview of attendance and shifts, or need an intelligent bot that actively keeps your retail store fully staffed.

TeamFlow Membership Options

Membership Tier	What's Included	Base Monthly Price
TeamFlow Standard	Complete system without compromises: • Advanced interactive shift calendar • PIN-based attendance terminal for tablets/stores • Leave and absence requests & approval workflow • Hours worked overviews and automated payroll export data	1,190 CZK / month Flat rate for the whole company
TeamFlow StoreForce RETAIL & BRICK-AND-MORTAR	Everything in Standard + Autonomous Shift Assistant: • Intelligent bot continuously analyzing unstaffed slots • Instant shift filling based on employee availability & preferences • Direct communication channels integrated via Slack API and Resend • One-click shift acceptance by employees without requiring system login	1,680 CZK / month Standard + Assistant Bot bundled together

Why choose the StoreForce edition for physical retail stores?

An empty slot on the shop floor during business hours directly results in lost revenue and degraded customer service. The **StoreForce** edition acts as an active manager: it automatically detects coverage risks, selects the most suitable replacements (including part-timers or contract partners), dispatches notifications, and writes confirmed shifts directly back into the schedule.

Annual Subscription Benefits

Opting for annual billing automatically grants a ****discount equivalent to 2 months of free operation**** (approx. 20% savings):

- **TeamFlow Standard Annual:** 11,900 CZK / year
- **TeamFlow StoreForce Annual:** 15,900 CZK / year
